DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Robert Miller on March 3, 2004.

The application has been amended as follows: In line 9 of claim 1, after the word "comprising" the reference number --(i)-- has been inserted.

In line 11 of claim 1, after the word "signals" the phrase -- and (ii) an oscillator configured to generate said second reference signal in response to said control signal and said timing signal-- has been inserted.

In lines 17-20 the phrase "; and an oscillator configured to generate said second reference signal in response to said control signal and said timing signal" has been deleted.

Allowable Subject Matter

2. Claims 1, 3-5, 7-8, 10-19 and 21 are allowed.

3. The following is an examiner's statement of reasons for allowance: Claims 1, 3-5, 7-8, and 10-12 are allowed because the closest prior art of record fails to disclose a circuit as shown in Figure 2 wherein the first circuit (110) comprises an oscillator 122 configured to generate the second reference signal (REF) in response to the control

signal (Ctrl) and the timing signal (Xin) in combination with the rest of the limitations of the base claim and any intervening claims. Claims 13-19 are allowed because the closest prior art of record fails to disclose a circuit as shown in Figure 3 wherein the second reference signal (Ref) comprises a crystal oscillator signal (X_{IN}) in combination with the rest of the limitations of the base claims and any intervening claims. Claim 21 is allowed because the closest prior art of record fails to disclose a circuit as shown in Figure 3 wherein the second circuit (112) further includes a divide-by-N circuit (170) in combination with the rest of the limitations of the base claims and any intervening claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Cassandra Cox whose telephone number is 571-272-1741. The examiner can normally be reached on Monday-Thursday from 8:00 AM to 5:30 PM and on alternate Fridays from 8:00 AM to 4:30 PM.
